2004 LOGBOOK TRIP REPORT FORM
INSTRUCTIONS

Please read instructions carefully

This form is to be used to report fishing activity for Gulf of Mexico reef fish, South Atlantic snapper-grouper, King and Spanish mackerel and shark permits. Under current regulations, **ALL** fishermen are responsible for submitting a logbook for every fishing trip for the permits listed above.

All forms must be submitted no later than seven (7) days after the completion of each trip (the date of landing) or 7 days after the end of a month which you are reporting no fishing activity. Completed forms are to be mailed to:

National Marine Fisheries Service
Logbook Program
P.O. Box 491500
Key Biscayne, Florida 33149-9916

When additional forms or envelopes are needed, include a note with a logbook submission. Include your name, address and your vessel identification number. If you have any questions, please contact the Logbook Program at (305) 361-4581.

Please print all requested information clearly. A form with incomplete or unclear information cannot be entered into the database and will be returned. This missing form may cause you to be out of compliance and your permit renewal denied.

The following instructions are for **fishing** forms:

You must fill out a separate form for EACH fishing trip made. DO NOT report multiple trips on one form. Do not submit more than one log for each fishing trip. All information for one fishing trip should be entered on one form. There are three sections for each form.

VESSEL SECTION - Fill in each information block on each log as described below:

Captain's Signature - The person responsible for the operation of the vessel during the trip must sign the form to verify all information.

Vessel ID. Number - Enter the official US Coast Guard documentation number or state registration number for the vessel as it appears on the permit application.

Vessel Name - Enter the vessel name as it appears on the permit application.

Trip ticket number - Please include the trip ticket number from your state sales receipt (FL, GA, NC, LA).

Phone Number - Include a phone number where you can be reached.

Start Date - Enter the numerical date (month, day and year) when the vessel departed for the trip.

Unload Date - Enter the numerical date (month, day and year) when the catch was unloaded at a dealer. If the catch was unloaded at more than one dealer, enter the date when the catch was unloaded at the **first** dealer.

Days At Sea - Enter the number of days spent away from port. Include traveling time to and from fishing area. Count any fraction of a day as a whole day. If you left in the morning and returned any time before midnight, you would enter 1.

Number Of Crew - Enter the total number of people that fished during the trip. The captain is to be included in the number of crew.

County and State of Unloading - Enter the name of the county and the state where the fish from the trip were unloaded. Do not use code numbers.

Dealer Number - Enter the dealer code numbers, if known.

Dealer Name - Enter the complete name of the seafood dealer to whom you sold your catch. If the catch was unloaded at more than one dealer, enter the name of either the dealer where the **majority** of the catch was sold, or in the case of equal sales, the **first** dealer where the catch was sold. If you kept the catch, write in PERSONAL USE. If there was no catch, please write in NO CATCH.

GEAR SECTION

GEAR SECTION - Check the box in the header of each type of gear used: traps, longline, trolling, line, hook & line/bandit, diving, or other gear. Fill in ALL information blocks under each gear type you used.

Traps - This category includes fish traps or fish pots. This category does not include lobster or crab traps.

Traps Used - Enter the total number of traps that were used.

Hauls - Enter the total number of hauls made. For example, if you used 10 traps and pulled each trap 3 times, this would be 30 trap hauls. Include hauls with no catch.

Soak Time - Enter the total time in HOURS that the traps were in the water for the trip. For example, if you hauled 30 traps and each trap was in the water for 4 hours, then soak time would be 120 hours.

Mesh - Mesh size refers to the size of the openings in the material that covers the trap. Enter the mesh size in inches (a mesh size of 1 in. x 2 in. should be entered as 1x2, a mesh size of 1.5 in. x 1.5 in. should be entered as 1.5x1.5). In the catch section, enter a **T** in the column labeled 'Gear' next to each species where trap gear was used.

Gill Nets - This gear is for runaround gill nets, etc.

Length - Enter the length of the net in yards.

Total Soak Time (hrs) - Enter the total time in hours that this gear was used. For example, if you made 4 sets and each set was 2 hours, then total time fished would be 8 hours. For strike and run-around nets with soak times less then 1 hour, please report 1. In the catch section, enter **GN** in column labeled 'Gear' by species where gill nets were used.

Do not enter a number in both gutted and whole column for a species unless you actually sold fish in both forms.
You must enter a gear and area for each species reported.

The following instructions are for **NO-FISHING** forms:

If a permitted vessel did **NOT** fish during a calendar month, a **NO-FISHING** form must be completed. NO-FISHING forms are in the **BACK** of the logbook, behind the trip forms. Please note the following:

A separate form must be completed for each month that no fishing occurred.
**Please do not submit one form for multiple months.**
Do not submit more than one form for each month.
Put a check by each permit for the fishery(ies) that no fishing occurred.
Multiple fisheries can be reported on one form.
Do not check fisheries for which you do NOT have a permit.

Area Map:

South Atlantic Statistical Grid Map – Grid Numbers follow lines of longitude and latitude. The first two digits in the four digit grid numbers are the degrees of latitude, the second two digits are the degrees of longitude.

Gulf of Mexico Statistical Grid Map – Use the grid number of the area you fished. Note that gulf grid numbers do not follow lines of longitude and latitude.

Florida Close-up (See Inset) - The close-up grid map of south Florida shows the 4 digit codes for the South Atlantic Region and the 1 digit code for the Gulf of Mexico Region.
